RHC/FQHC:

Clarification of CMSP Benefit Coverage

County Medical Services Program (CMSP) payments for services rendered by a Rural Health Clinic (RHC) or Federally Qualified Health Center (FQHC) are limited to the benefit coverage available under CMSP. Services not currently covered by CMSP include: psychology services (unless provided by a Licensed Psychiatrist or Licensed Physician), acupuncture, chiropractic services, pregnancy-related services and long term care services. RHC and FQHC providers are reminded not to bill for these non-covered services when submitting claims for services rendered to CMSP recipients. CMSP has the right to recover payments that are not in compliance with the program. For more information about CMSP, refer to the *County Medical Services Program (CMSP)* section of the Part 1 manual or call the CMSP office at (916) 322-1478. For more information about RHCs and FQHCs, refer to the *Rural Health Clinics (RHCs) and Federally Qualified Health Centers (FQHCs)* section of the appropriate Part 2 manual.
